

THE GLOBAL AUTHORITY IN CREATING **HEALTHY** VEHICLE INTERIORS.

This is a new patented process that has not been introduced into the market until now and is available at Power Motor Group!

Power Motor treats all their entire inventory with NuVinair and now we offer this treatment to all our customers. A NuVinAir treatment means that the previous owner and his odors have been completely removed from your vehicle. A long history of safety with more than 100 years of science-backed research support. NuVinAir®'s patented systems for the airborne cleaning of surfaces fuel its revolutionary, eco- friendly product line. NuVinAir treatments employ a hygroscopic (water-loving) vapor that reduces HVAC pollutants, eradicates odor, and restores the vehicle's cabin space to pinnacle cleanliness.

NuVinAir® offers a fully patented line of products geared to refreshing your car's air in minutes with patented technology. NuVinAir restores your vehicles HVAC system to factory fresh in as little as 15 minutes!

A CLEANER, **HEALTHIER** INTERIOR IS AS EASY AS 1...2...3.
